

**LET'S GO!**

Asia Mobile Training

# THE WORLD AWAITS! ARE YOU READY TO GO?

*Will your passion  
for the Gospel lead you  
to venture into new lands?*

Asia, home to 60% of the world's population, is the final frontier of world mission, with hundreds of people groups still waiting to hear of Christ's love and salvation.

***Our Training model – the mobile  
ministry of Jesus and learning as we go.***

Jesus took his disciples on a learning journey. As they crisscrossed land, sea and communities bringing the Good News, the disciples discovered Kingdom values through hearing Jesus' teaching and by watching how he lived.

*'Walk with me and work with me – watch how I do it', he told his followers. (Matthew.11:28-30 MSG)*

***'Let's Go!' will lead you on a  
cross-cultural learning journey  
through South East Asia.***

With three months (September – December 2024) in three different countries this is an intensive 'mission on the move' training programme. It is open to people of all ages.

Leave your familiar comforts and adventure into the unknown with Jesus and others!  
***Let's GO!***

WORLD  
HORIZONS

*Are you daring, resilient and prayerful?  
Willing to break through cultural and linguistic  
barriers for the sake of others? If so, come with us!*

# MOBILE MISSION TRAINING

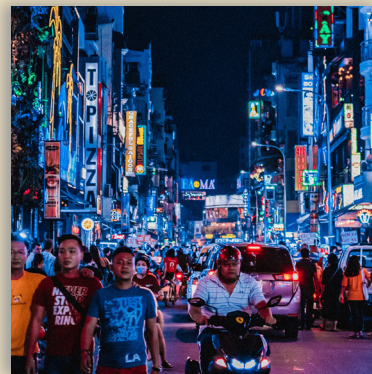

three-months

World Horizons is a multi-national Christian charity with more than 300 workers living and working in over 30 different nations.

## Three locations

Beginning in Cambodia, our learning journey continues into two other South East Asian nations. We will spend one month in each country, allowing our senses to fully experience the sights, sounds, smells and tastes of Asia. Our hearts to be touched by the those we meet.

Serving together in teams, our common goal is to share the Gospel with people who have never heard it and in places where there is no church. We also want to be a positive influence within the communities we serve, seeing God's Kingdom established and discovering where God is already stirring hearts and lives.

## Poverty and climate

Living communally, travelling light, responding to God's heart for the poor, we will serve together in nations where poverty and climate insecurity are increasing challenges. We will steward our resources responsibly with 'creation care' at the core.

## Faith strengthening

Our emphasis will be on a living theology, engaging in a lifestyle of worship, word, prayer, faith, and compassion in Spirit-led obedience. We will develop a rhythm of intimacy with Jesus, moving at His pace, urgent but not rushed.

## Learning as we go

Listening to the stories of both local believers and those who don't yet know Christ, we will learn so much from the people we encounter en route.
