

PIONEER
INITIATIVE
Off-The-Grid Mission

RELEASE YOUR ADVENTUROUS SPIRIT!

*WILLING TO JUMP INTO THE UNKNOWN?
HAPPY TO LEAVE THE FAMILIAR BEHIND
AND VENTURE INTO NEW
OFF-THE-GRID ENVIRONMENTS?
READY TO COMPLETELY RELY UPON GOD?*

Join the 2025 Pioneer Initiative – eight months of dedicated training, travelling through Europe and into North Africa, followed by two years devoted to living in one of the most spiritually and geographically challenging locations on earth.

World Horizons is a multi-national Christian charity. Serving together in teams, our common goal is to share the Gospel with people who have never heard it and in places where there is no church. Often these communities exist in the hard, remote or dangerous regions of the world.

The Pioneer Initiative reignites this core vision; equipping teams to explore new territories. Teams will live amongst a people group where most have never heard the name of Jesus. They will form strong, supportive communities, seeking creative ways to bring Jesus to those who, as yet, don't know of his love for them.

The eight months of comprehensive, intensive, team-based training consists of both highly practical preparation and essential mission-based studies. You can be sure spirit, body and mind will be well prepared to venture out into even the toughest environments.

If you have a courageous, positive attitude and a desire to pray for the seemingly impossible, then come and be part of the new momentum of pioneers!

Eight months of dedicated training in Europe and North Africa, followed by two years devoted to living in one of the most spiritually and culturally challenging locations on earth.

INTENSIVE TEAM PREPARATION

Eight-months in Europe
and North Africa

World Horizons is a multi-national Christian charity with more than 300 workers living and working in over 30 different nations.

Practical coaching

Informative training covering a range of highly practical topics including bush craft, foraging, car mechanics, wilderness first aid, water skills, physical fitness, staying safe, developing resilience, canoeing and hair dressing.

Mission-based studies

An introduction to foundational global mission themes including the history of mission, world religions, hermeneutics, spiritual gifts, spiritual warfare, discipleship, prayer, church planting, cross-cultural adaptation and multicultural team dynamics.

Faith strengthening

Develop spiritual resilience as a team; pray and worship together, study the Bible and seek to hear from God.

Team expeditions

Travel through Southern Europe and into the Atlas Mountains of North Africa. Trekking with us over 3,500m peaks to connect with unengaged villages on the other side. Learning from experienced staff who have worked in these regions for years, we will equip you for wherever God is calling you.

Serving together in teams, our common goal is to share the Gospel with people who have never heard it and in places where there is no church. We also want to be a positive influence within the communities we serve, seeing God's Kingdom established and discovering where God is already stirring hearts and lives.
